

REDUCING RED TAPE

DESCRIPTION

	CURRENT STATE	FUTURE STATE
Description	<ul style="list-style-type: none"> 200+ policies organised around central policy units Schools have to report their expenditure and performance to multiple parties, multiple times for multiple allocations of funding Requests for information from and manual work to support decisions by schools are repetitive and time consuming Separate and time consuming application processes for centrally run programs 	<ul style="list-style-type: none"> Fewer and simpler policies organised around the work of schools A comprehensive school plan and annual report connected to student learning outcomes and budget New tools simplify and support increased local decision making, including for finance and human resources transactions Resource allocation model funds schools directly

NEXT STEPS

	NOW	SOON
Description	<ul style="list-style-type: none"> Progressively review, simplify and refocus the 200+ policies that currently relate to schools Simplified, integrated school planning and reporting processes Professional learning and transition support 	<ul style="list-style-type: none"> New tools to simplify and support increased local decision making
